FINANCIAL POLICY

Thank you for allowing us to participate in your healthcare. We are committed to your treatment being successful and as pleasant as possible.

In the day and age of various health care plans including Medicare, private insurance, and other medical insurance, we understand the medical insurance field can be quite confusing. Please read and sign. Thank you.

- 1. **MEDICARE PATIENTS:** We are contracted providers with Medicare and accept assignment on all your claims. You are responsible for all deductible and co-insurance balances. If you have a secondary or supplemental insurance, we will be glad to bill as a courtesy to you. If you only have Medicare, your 20% copay is due upon receipt of the Medicare payment. Failure to do so puts your physician in jeopardy with Medicare.
- MEDI-CAL AND COVERED CALIFORNIA (OBAMA CARE PLANS/AFFORDABLE CARE ACT): We are <u>NOT</u> contracted with Medi-Cal and <u>SOME</u> Covered California Plans. Patients with Medi/Medi plans may be responsible for the Medi-Cal portion of the claim, payable at time of service

Colonoscopy Worksheet (optional) Know What You Will Owe

This informational page is to help patients better understand billing guidelines for colonoscopies and what questions to ask their insurance carrier before the procedure. Do not return this page to the provider with your patient packet, however please use it as a guideline/ worksheet if you choose to contact your insurance. Thank you.

Three categories in which your colonoscopy may fall under:

Diagnostic Therapeutic Colonoscopy

Patient has past and/or present gastrointestinal symptoms, polyps, GI disease or anemia(s).

Surveillance/High Risk Screening Colonoscopy

Patient is asymptomatic (no gastrointestinal symptoms either past or present), has a personal history of GI disease, personal and/or family history of colon polyps, and/or cancer. Patients in this category are required to undergo colonoscopy surveillance at shortened intervals (e.g., every 2 years)

Preventive Colonoscopy Screening:

Patient is asymptomatic (no gastrointestinal symptoms either past or present), over the age of 50, has no personal or family history of GI disease, colon polyps, and/or cancer. The patient has not undergone a colonoscopy within the last 10 years)

<u>Who will bill me?</u> You may receive bills for separate entities associated with your procedure, such as the physician, facility, anesthesia, pathologist, and/or laboratory. We can only provide you with information associated with our fees.

<u>Is the office visit consultation covered for a preventative colonoscopy screening?</u> An office visit prior to a preventative colonoscopy screening is included in the fee for the colonoscopy. If however, during your office visit, the provider manages a symptom or relevant medical history information, your insurance may be billed for the medical service and you will be responsible for any applicable copay, coinsurance, and/or your annual deductible.
